Recommended Applications

Entertainment

- casinos
- movie theaters
- performance spaces

Institutional

- airports
- churches
- police & fire stations

Education

- band / choir / orchestra rooms
- gymnasiums / libraries
- daycare centers

Hospitality Lodging

- convention centers
- ballrooms
- partitions

Corporate / Retail

- call centers
- restroom entrances
- electronics departments

CrossPoint™ Acoustical Performance Wallcoverings Features

- Self-healing & tackable
- Pill / fuzz resistant
- Velcro compatible
- Excellent tear strength
- Easily cleanable
- Needlebonded to ensure fiber lock
- 100% solution-dyed for fade-proof color
- Acoustically absorbent for superior noise reduction
- Suitable for high traffic areas

Sustainability

- Manufactured with recycled polyester content
- Reclamation program to reuse Tiara II at the end of its life

We are committed to sustainability as the business model which positions Shaw as the industry leader today and for the future in driving business performance, growth, innovation, and productivity across our value chain and that of our customers and partners.
